

Snow Removal in Vista Ridge

VRHOA provides snow removal (after 2 inches of accumulation) for the Community Center and parks/tot lots in Vista Ridge. Sidewalks along Vista Parkway, Mt. View, Skyline and Sunset are maintained by the Metro District. You can contact the Vista Ridge Parks & Open Space Manager at 720.384.5909 with any questions regarding sidewalk snow removal or HOA snow removal. Residents should know that their streets are not plowed by the HOA. Streets in Vista Ridge are plowed by the Town of Erie Public Works Department and the majority of the time only primary routes will be plowed by them. Residents should contact the Town of Erie Public Works Department at 303.926.2880 with any questions regarding snow removal of streets in Vista Ridge.

- **Primary Routes:** Major arterials and school access are the critical routes providing into and out of Erie. Snow removal efforts will be concentrated on the primary routes throughout the snowstorm.

- **Secondary Routes:** Minor arterials and collector streets connecting the neighborhoods to the primary routes. These routes are plowed only after all primary routes have been done.

- **Tertiary Routes:** Residential or local streets are not plowed or treated except after very severe winter storms. When snow storms leave an accumulation of 12 inches or more and the snow is expected to remain for several days, snowplows move into effected residential areas after completed service on primary and secondary roads. Plows perform one center pass.

- **Sidewalks:** By town ordinance, property owners are responsible for clearing their sidewalks of snow within 24 hours of accumulation following each storm. A citation or fine may be issued if the property owner fails to comply. Snow should not be shoveled into the streets.

For Erie's snow removal maps and policies please visit the following website: <http://www.erieco.gov/index.aspx?nid=546>
